BANKER CIGARS.

PUFF OF SATISFACTION.—Nothing is more grateful than the solace of a good-flavored and free-smoking cigar. Such are Mehegan's Bankers, the best cigars for their price in the country. They have become so universally popular in North Carolina, in Raleigh particularly, that all the inveterate smokers are breaking their pipes.

We honestly think two boxes of Mehegan's Bankers might be induced to influence even Grant to compassion in regard to the suffering Cubans.

We recommend the Bankers, and know whereof we affirm, for as we write we are consoled with the profound satisfaction of puffing one, and enjoy it hugely.—*Norfolk Journal.*

Pink Hardie is Agent for the Bankers, and says he has a letter from Mr. Mehegan, saying that the stock in them is better than ever. Go and try them.

FRANKLIN.

A telegram just received says, Harris, Democrat is elected to the Legislature by a few votes.

The news above, in addition to what we received yesterday, and what we are sure to receive to-morrow, shows the condition of the Radical party in North Carolina to be about this—

"PLAYED OUT!"

THE ELECTION.

The decision made by the people of North Carolina on Thursday at the ballot box, is one which must bear upon the destiny of our people for weal or woe, perhaps for all time to come. In the canvass we have endeavored to discharge our obligations to the people and to the State, fully. We have labored to present the true issues before the people strongly and fairly, and if they have heeded our counsels, as we now believe they have, the Old North State will be soon once more herself, redeemed and disenthralled from the foils of corruption, waste and extravagance and from the tyranny of a party and an administration, which knows no law and admits no right, which opposes it.

Basing our calculations upon the large gains made everywhere and the confident tone of our friends, we cannot doubt that the Democratic Conservative party has been triumphant by a majority between five and ten thousand.

We think the election of Judge Shipp, for Attorney General, is certain. Mr. Phillips it appears added but little to the strength of the Radical ticket at any point. The General Assembly must be strongly Conservative both in the Senate and House, but we are not prepared at this early hour to speak definitely. Large gains everywhere indicate the surges of a mighty revolution among the people, and give us assurances for the redemption of our good old State. Down with corruption—down with Radicalism—down with Holdenism.—*Long live truth and law and the privileges of the writ of habeas corpus.*

The cautious *peace* man of the North may shake his head, but when either or both of them come from their quiet homes to this State, they will find that WAR stares them in the face."—*Standard.*

That is true. They would see Holden making "WAR" on the Constitution and laws of the State and the liberties of the people; but all that will be settled properly before long. The people are determined to obey the law—this they have fully demonstrated—and they will see that Holden does the same.

The following letter, written by the editor of the SENTINEL before his arrest by Kirk's brigands yesterday morning, was received too late for insertion in yesterday's issue. We insert it now because we know it expresses the sentiments he entertains yet, and that he will continue to entertain until he takes that airing in Wake county jail yard so often promised him by the Governor, through his organ, the *Standard*:

HILLSBORO', Aug. 4.

GOV. HOLDEN:—I did not see your paper, the *Standard*, until after 8 o'clock yesterday. The day before I was forced to send you two hurried telegrams in reply to threatening articles contained in your paper.

If there be any apology necessary for this letter, you will remember that you began the correspondence, through your Private Secretary and one of your military Generals.

I have no spies and detectives as you have, yet it is reported to me that one of your Generals said at the National Hotel, that Joe Turner was to be arrested and put in irons. I have a telegram announcing that you said yesterday, on the streets, you would issue an order for my arrest as soon as you could reach your office.

Now, we repeat, come on with your chains. Patton has felt your rope, and I can bear your chains, and defy you, too.—You are now in a desperate conflict with a secret society; you *pretend* to believe that I am connected with it, but I *know* this to be *only* pretence on your part. I have reason to believe you have had a spy and detective visiting my office for three months or more; you are welcome to all you have learned through the scamp.

You may go on with your arrest; you have your object to accomplish, it is my purpose to thwart it, which I shall do in my own way; but I expect to live long enough, if not assassinated by your secret Jacobinical clubs, to see those clubs dissolved. We *can* and we *will* put them down. The people now see their dangerous tendency and they will help us. You will see evidence of this when the result of Thursday is known.

You must not expect me to treat you with the respect due to the Chief Magistrate of the State, because you do not deserve it. In the first place, you do not look like a Governor, and your looks show that you do not feel like one, and every body sees that you do not act like one.

For some time you have been acting the part of an abusive, scurrilous, partisan editor of your abusive, scurrilous, partisan organ, and as you have placed yourself in that position you may reasonably expect to receive the treatment of one occupying it.

Last night I heard firing at your military camp. I thought at the time they were returning the supposed fire of a Ku Klux.—To day I learn from Mr Henry Brown that the shot from the camp struck his house, and was in direct range with the bed on which his children lay. A little more force would have sent the ball through the door and into the bed among them.

I shall conclude this by again *daring* you to come with your "irons," and I challenge you to deny writing Boyd's "confession," and we will prove it on you.

JOSIAH TURNER, JR.

DISAPPOINTMENT.

The feculent imagination of Gov. Holden and his adherents had conjured up the most extravagant anticipations of revolt and riot upon the part of the fancied legions of armed Ku Klux in certain portions of the State, upon the first arrests made by his military satraps. Every conceivable precaution and ample preparation was made to resist attack from every quarter. Finding that the people bore with unexampled equanimity, his outrages against civil liberty and the personal rights of the people, and being supported in his lawlessness and malice by his Radical Judges, he has gone on to arrest many of our best citizens.

This has been going on for weeks, and yet not a Ku Klux has been stirred from his den, not a club has been raised or a shot discharged at his lawless brigands, nor has there been riot or resistance of any kind, (except the unwillingness of Mr. Wiley, of Caswell, to submit to an illegal arrest,) been offered to the most provoking, insulting and lawless outrages that were ever committed upon as honest, law abiding and peacable a people as can be found under the broad canopy of Heaven.

Our people are not without feeling, not without determination or the spirit of resistance to such enormous wrongs, but their profound respect for the Constitution and the laws, and their love of peace compel them to submit quietly to these wrongs, relying upon the peaceable remedy of the ballot box. They have spoken in thundertones on Thursday last. Had Gov. Holden commenced his outrages a month earlier, the election would hardly have left a corporal's guard to the Radical party in the State. Even the considerate and sober colored people are waking up to the grievous wrongs we suffer. Another year many of them will be marshalled under the banners of Conservatism and law and order.—The doom of Radicalism is written in North Carolina forever, and the Republican party of the North may charge it to the unmitigated corruption and tyranny of the Holden Radical party in this State.

We beg our people to bide their time.—Their quiet, their non resistance so far have disappointed and astonished Holden and his party, and nothing awaits him but chagrin and disgrace and the merited contempt of every honorable man North or South.

ELECTION IN ORANGE.

The election in Orange is truly gratifying. Graham, Strudwick and Atwater all elected. At Patterson's mill, near Chapel Hill, not a white man voted for Mr. Samuel F. Phillips. Before he sold out for the Attorney Generalship every man would have voted for him. To-day as between Phillips and Harris, the white men of Orange would take Harris.

FROM NORTH CAROLINA.

Under this head, the *Southern Argus*, of Selma, Alabama, discourses on the state of affairs in the following language, which we approve and adopt:

"The news from North Carolina is of the gravest character. The situation there, is most threatening. At any moment blood may be shed; and a single blow may involve that State, and even the whole country.—Worst of all, the forces of the United States are already being moved to the scene of danger, avowedly for the purpose of aiding Governor Holden in over riding the laws of the State, and executing vengeance upon those politically or personally obnoxious to him.

The facts are these, briefly and clearly:—Holden, for partisan purposes, possibly in part to divert attention from schemes looking to his individual aggrandisement, has declared under martial law two or three counties, in which no armed or other resistance had been made to the law, or contemplated. A Col. Kirk, in other days and other places a murderer and outlaw, has been selected by Holden to command the militia he has called into the field to enforce his will in those counties. Kirk is executing the wishes of his commander-in-chief in a characteristically brutal and lawless way. One of his victims appealed to a reconstructed circuit court for a writ of *habeas corpus*, which was duly issued; but when the writ was served upon Kirk, he informed the officer of the court that such things had 'played out.'—Subsequently, a loyal Judge of the Supreme Court decided that the writ should have been directed to Holden, and himself issued a writ so directed; but as we write, no return has been made. In other cases, Kirk tore up the writs of the civil courts when served upon him, and arrested the officers serving them. Tuesday last, three companies of artillery left Fortress Monroe, to aid Holden, as the despatch ironically says, 'to enforce the laws in that State!'

This is the situation, and in it there is enough to excite a feeling of apprehension throughout the country.

The people of North Carolina and the other Southern States are patient, law abiding, peace-loving, and authority respecting. They have borne, not silently perhaps, but patiently and unresistingly, insults and outrages which could only have been intended to goad them to resistence. For the present they do not expect even tolerably good governments in their several States. They know very well that at the time being they cannot have equal rights at the ballot-box, in the courts, or in the legislative halls, and they are prepared to endure the necessary evils of the situation until relief shall come through legitimate channels, and in a peaceful way. They expect to be robbed and plundered by all the branches of the local administrations, by all the officers of the law, and under the forms of law; for this sort of oppression is the inevitable consequence of the government of 'fools and thieves.' But there is a point beyond which forbearance is and ought to be impossible; and that is almost reached in North Carolina. The conviction and execution of one citizen by one of Holden's militia court-martials, will be a menace to all other citizens, and should be redressed in blood.

We write without passion, deliberately, earnestly. Already Holden and Kirk have forfeited their lives, but in view of the consequences of the exaction of the forfeit, perhaps the people of North Carolina ought to bear a little longer. When, however, one citizen shall perish by their hands, be murdered by them in violation of law and in contempt of the decrees and judgments of the courts, *then* it will be imposed upon *every* North Carolinian as a duty to strike down the outlaws whenever and wherever they may be found, by whatever means may be most practicable. And in each case, the blow should be prompt, deadly and secret; for the people cannot hold war against the United States, and they cannot hold their lives at the will of such bloody minded, cruel, remorseless, malignant, and desperate creatures as Holden and Kirk.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, considerably lower than those of the leading Mutual Cash Companies.

The Excelsior issues Policies on all the plans of *Mutual or Stock* Companies, extending to policy holders, all their really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, and a *privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

Mr. Hilbert, I have been respected in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue, because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income* to each *through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

June 2-d3taw3m P. F. PESCUD, Gen'l Manager.

The bustle, noise and confusion, consequent upon the election, have caused us to sadly neglect our local columns for the last few days. At the same time we have failed to devote the attention which is our wont, to our advertising patrons. We will begin to do better next week and keep on improving. We shall have a pretty hard time of it while Mr. Turner is kept in the Yanceyville bastile, but we will do our best to give interest to the paper in every department. In the meantime we shall not fail to pay our devoirs to the Governor and his military movements, and incidents connected therewith.

PATTON.—The *Standard* this morning has a card from Wm. Patton, denying that he was hung up by the neck by Bergen, in Alamance, to make him confess in regard to the Ku Klux organization. In regard to this card we say emphatically, that it was either extorted from him under threats, which method of procuring certificates, seems to be getting quite common lately, or he deliberately mistates facts in hopes of currying favor. The hanging can be substantiated by competent witnesses and was acknowledged by Bergen and Patton, last Monday.

"We the Republicans, say the Standard, have carried this State once more, by 12 or 15,000 majority." What a mistake! You Republicans have been engaged in carrying the State to the verge of destruction, and we, the Democrats and Conservatives have just undertaken to bring it back. The start we made on Thursday was a glorious precursor of a splendid and permanent success.

"We have carried the Legislature," says the same. We hope you will not carry it as far as you did the Railroad bonds.

"We have sustained the Governor and President of the United States" "Call you *that* backing your friends?"

Then the *Standard* exults in "the GLORIOUS RESULT," to which we respond "Amen!"

MR. TURNER'S ARREST.

The fact of Mr. Turner's arrest by order of Gov. Holden on yesterday has been announced. It took place about 11 o'clock, A. M. while walking from his dwelling at Hillsboro to the Rail Road Depot.

Mr. Turner, as was to have been expected, is still calm but defiant. A more honest, courageous and noble spirit does not exist. The *Standard* denies that his arrest originated in the personal and political malignity of Gov. Holden towards him, but the public judgment has long since settled this matter. The intimation that Mr Turner's arrest was made because of his connection with the Ku Klux, is a figment and a falsehood which no one believes.

Mr. Turner, was on yesterday removed from Hillsboro' to Company Shops. He was arrested by Kirk's men. To-day he was removed to Yanceyville. His devoted wife and babe, still very feeble, were permitted to follow him to Company Shops and in a day or two she will follow him to Yanceyville.

The Editor held the following conversation with a friend on yesterday after his arrest:

"I have been told that one of the lower war's Militia Generals had said I was to be arrested and put in irons. Again on Thursday night I received a telegram, that the Governor had said on the street, that an order for my arrest was to be issued as soon as he returned to his office.

"On Friday at 11 o'clock, A. M., twelve men halted and arrested me, in the town where were more than 300 of my friends.—Believing as I do that the Governor's purpose was to produce a collision, I did not tell even my brothers that I expected to be arrested. His sending twelve men shows plainly his purpose to provoke an attempt to rescue me.

"I have defied the Governor to arrest me, and I now defy him to try me by Court Martial."

Any attempt to break his spirit will fail. Any threats of intimidation, any tortures to force him, will be as futile as the effort of a pigmy to tear up the everlasting hills.

False Pretences.

The vast and continually increasing sale of Hostetter's Stomach Bitters have provoked the envy of a certain class of dealers in various parts of the country, who are trying to substitute their utterly worthless local nostrums for this most popular proprietary medicine in the world. These imposters hope by their false statements to obtain from the millions who patronize the great American Tonic, a sufficient number of customers to make their speculations rob the health of their neighbors profitable. As the demand for Hostetter's Bitters is now so large and urgent as to tax to their fullest extent the facilities for its manufacture, these petty attempts to wring in the merest trash by false representations are of little consequence to its proprietors. They are, however, a serious evil to the victimized. If, for example, at this warm season, when a real invigorant is greatly needed, the sufferer from general debility, indigestion, biliousness or nervous weakness, is coaxed into using a wishy-washy compound without any medicinal virtue, instead of the sovereign specific in which the rarest tonic and alterative vegetable elements are scientifically combined, it is obvious that he will rue the day when he allowed himself to be thus deluded. It is in the interest of parties who have been or may be influenced by the persuasion of plausible charlatans, that this article is published. With the light of twenty years experience to guide him, why should the invalid take a leap in the dark.

WHAT THE PEOPLE COMPLAIN OF.

What stronger evidence of the peaceful character of the people of this State could be desired, than the quiet forbearance they manifest in submitting to the provoking and lawless outrage and war their Chief Magistrate has practiced and waged against them for weeks past and which he persists in doing? Without any sanction of law, but in defiance of the Constitution and laws of the State and the United States, he has armed a large body of men at the expense of the State. He has arrested scores of the people without any lawful authority, he holds them as close prisoners for an indefinite period without preferring any charge against them; when citizens thus outraged apply to the judicial authorities for relief and the writ of *habeas corpus* is granted by the highest judicial officer in the State, he not only disobeys the writ, but defies it, still holds the citizens in custody and arrests others in like manner, yet, for the sake of peace and the good order of society, the people submit to these crimes and unparalleled lawlessness. The people do it because they are tired of war and unsettled government, they want peace and State government; and if conflict should begin, they can't see where it would end, especially, in view of the fact, that their Governor and his co adjutors have succeeded in producing on the mind of the President, the impression that they are rebellious against the government of the United States, and any resistance of the Governor's conduct would be construed into open war against the Union and not against the lawless oppression.

The people prefer to seek redress by and through the peaceful remedy of the laws of the land. We have uniformly advised this course of action, and we point to it as the strongest public evidence of the quiet and orderly character of the people. Are the President's eyes shut and his ears stopped so that he cannot see the character of our people illustrated in their uniform good conduct as citizens, especially under such trying circumstances? No people on either side submitted to crime and outrage on the part of their rulers, as ours have done and are doing. If Queen Victoria were to do a little of what our Governor has done against his people in open violation of law, she would be dethroned by the English people in a fortnight.

The ground of complaint is not that those who have perpetrated what are called *Ku Klux* crimes are about to be brought to justice—that is not the ground of complaints; every good citizen is not only willing but anxious, that every man who has committed crime shall be duly accused, tried and if convicted punished. But this is not done—there is no accusation made—there is no precept of the law asked for or granted—there is no provision for a trial—the citizen, the innocent with the guilty are caught up without any proof by armed desperate men and outraged in many cases in the most shocking and savage manner and there is no relief.

The Governor over rides the Constitution and laws and sets *his will* up as the law; he makes himself *a despot*, and organizes an army to execute *his will*, and he uses his lawless power to gratify his political and personal animosities, these are the things of which we and the people complain.—Is there not just ground of complaint? What American freeman will say there is not? Never. We call upon all good people everywhere to join us in frowning down this fearful usurpation and abuse of lawless power.

We copy the following extracts, one from the New York *World*, the other from the *Herald*, in regard to the aspect of affairs under which the people of North Carolina went into the election on Thursday. The pictures they draw, though true to the life, yet, we are happy to feel and know, that the machinations of the conspirators were insufficient to awe the spirit of the free men of the State into submission to tyranny and oppression, as the election returns abundantly show, and that, notwithstanding the highhanded and lawless course adopted by the Governor and his fellow-conspirators, the result sufficiently indicates that "there is life in the old land yet:"

NORTH CAROLINA TO-DAY.

The people of North Carolina go to the polls to-day under a despotism of intrusive Federal bayonets and artillery. It was to prevent power from perpetrating outrages such as these that the men of Mecklenburg met together a century ago, and sounded the keynote of American independence in response to the call of Massachusetts for help against the mighty. Now Massachusetts hears and heeds not the call for succor of North Carolina suffering under wrongs far more acute and attrocious than any that were actually inflicted upon the colonists of 1775. Truly says Thomas Carlyle, in his life of Frederick the Great:—"O my Yankee half-brothers, how obvious we are of them that have done unbenefits."

It is reported, and we hope will truth, that in spite of the terrorism established in this God-fearing commonwealth by the infamous Holden and his more infamous subordinates, a majority of Conservative Congressmen will probably be elected to-day. But it is certain that no one set man in or out of North Carolina will believe any candidate not a Conservative who may be elected to-day to have been honestly and fairly elected. A Radical majority at Washington may give such men seats, but no Radical majority can give them credit with men who understand and believe in the principles of liberty.

No person can claim with decency to have been honestly chosen by an American constituency to represent a party which has conducted its political canvass with bayonets and artillery, which has subjected the courts of law to the authority of the sword, and which has filled its opponents by the infliction of positive physical tortures. When the thumb screw of the Stuarts reappears in America the men who suffer it to be used lose a right to be considered Americans. If North Carolina returns to-day a single Radical Congressman to Congress, his howling elected colleagues, of whatever political opinion, will avoid him like a pestilence with the protest of Shakespeare:

"By pricking of my thumbs,
Something wicked this way comes."

TELEGRAPHIC.

Friday Night Dispatches.

WASHINGTON.

WASHINGTON August 5.—A Cabinet meeting was held to-day. It was attended by all the members except Secretary Fish and Boutwell who were represented by Secretaries Davis and Richardson. They considered for some time the appropriation bills in connection with the opinion of Attorney General Akerman, but were unable to provide for the defect in the laws; therefore the Government will be compelled to await further legislation. It is thought that some of the branches of the public service will, in the meantime suffer.

It is known from the President himself, that he will not call an extra session of Congress unless the war in Europe shall so affect our interests as to render one necessary; but of this he has no apprehension at present.

The President did not officially hear until Wednesday by a telegram from the Department of State that M. Berthemy had advised this government that France has declared war against Prussia. This fact now being known from an authentic source, the President contemplates issuing a proclamation of neutrality in accordance with the laws now in existence; but this may not be ready for a week or more to come. The duty of our citizens pending the contest, will be clearly defined.

Mr. Frealinghuysen has not yet accepted the mission to England. It is understood that the unsettled condition of his business affairs delays his response.

The President left Washington to-night on his return to Long Branch whence he will depart for St. Louis on Monday next on private business, returning to Long Branch on Tuesday the 16th instant. The object of his presence in Washington to-day was to settle some public business or a routine character merely.

Commodore J. Boyle is seriously sick. The Navy Department has advices from Commander Green from San Domingo in an interview with Baez. Baez said that the Republic is in a peaceful condition. Baez don't anticipate trouble so long as the United States manifests a desire to annex San Domingo. From other sources Green ascertained that the rejection of the treaty by the Senate caused considerable disappointment and some persons including those favorable and opposed to annexation are disposed to attribute its rejection to the mismanagement and bad faith on the part of the Dominican Government in the negotiation of the treaty. Green is inclined to the opinion that the withdrawal of the United States profession and the prospect of annexation would instantly lead to a revolution by Cabral.

A special order from the War Department extends sickies a leave of one year, thus allowing him to continue minister to Spain.

NEW YORK.

NEW YORK August 5.—The Nathan murder is still unsolved, but it is understood that four men have been arrested on suspicion.

A large number of armed Irish Catholics are on the streets near Hibernian headquarters.—The police are out in full force.

Hombold, the druggist, was robbed of $18,000 worth of diamonds.

The Orange parade is postponed till next year.

There are nine large North German ocean steamers now lying in port unable to sail for Hamburg or Bremen for fear of capture by the French cruisers, unauthorized to discharge their cargoes in a foreign port and not allowed to register themselves under the flag of the United States. There are also twenty-seven sailing vessels in the same predicament. The expense to which these steamers and sailing vessels are subjected probably aggregates $13 000 per day and there is no relief for them except in the cessation of the war. It may be, too, that the French steamers will be tied up in the same way when the Prussian navy gets more of its cruisers afloat.

TENNESSEE.

MEMPHIS, August 5.—Both parties claim a triumph in the judicial election.

NASHVILLE, August 5.—The Conservative ticket for the Supreme Bench is undoubtedly elected.

CALIFORNIA.

SAN FRANCISCO, August 5.—Advices from Sydney New South Wales up to the 23th of June says that Prince Alfred is expected in Sydney on the 1st of August. Great preparations are making for an intercolonial exhibition.

A nugget of gold, weighing 93 pounds was found in Victoria. The Governments of four of the colonies were holding a conference in Melbourne. It was agreed to accept a protectorate, unless England objects. A. H. Gordon and H. Wallerth, prominent journalists, have committed suicide. Parliament meets on the 11th of August. The cotton crop promises to yield largely.

FOREIGN.

LONDON August 5.—The *Times* says, "That the plan of the Prussian commander-in chief, General Maitke, has been changed from defensive to offensive, and an advance into France is threatened. It is possible that Prince Frederick Charles will push forward and attack Nancy."

The fight at Saarbrucken on Saturday lasted six hours, and on both sides 600 man were placed *hors du combat*.

Judging from the French accounts, the *mitrailleuses* have already decided the war.

The story which recently originated in France about a naval engagement off Cuxhaven, in which a Prussian war vessel was sunk, is false. There has been no collision at Sear between France and Prussia thus far.

The French say that the needle gun recoils so badly that the marksmen are soon compelled to cease fire from the shoulder. The French also say that the Prussian cavalry carry old horse-pistols, while the French have carbines of long range and admitting aim.

The fifth corps of the Prussians is mostly composed of Poles.

FOREIGN.

The press of Norway and Sweden approve the neutrality declaration.

Coal has risen a hundred per cent at Hamburg.

A great battle is expected at Mayence.

A French war steamer brought into Brest the threemasted Prussian ship, Lamara.

The "Liberte" has advices of heavy fighting at several points along the line. McMahon occupies a strong position near Weissenburg.

PARIS, August 6.—The "Journal Officiel" this morning says that the French troops who to the number of 7,000 or 8,000, were engaged in an affair before Weissenburg, and had to contend with two Prussian army corps, including the picket troops of the Prussian guard. The "Journal" adds that in spite of the inferiority of their number our regiments resisted the assaults of the enemy for several hours with admirable heroism when they were forced to give way. The loss of the enemy that he did not dare to pursue. We have broken the Prussian line while our own remains intact.

CARLS RUHE, August 6.—The army of Baden yesterday passed the French frontier and advanced to Lauterburg where it established headquarters and seized some boats to the river.

The French loss at Neukirchen was 2 killed and 1 wounded.

The "La Liberte" this morning publishes a private dispatch sent at midnight last night from Strasbourg reporting that McMahon beat the Prussians yesterday evening. The latter evacuated Weissenburg. Telegraphic communication with Weissenburg has been restablished. The "La Liberte" says that McMahon moved yesterday towards Weissenburg. He was but two hours march from that point and his men marched at quickstep. He has between 6,000 and 7,000 men.

The loss of Prussians in the recent engagement reached 10 000 in killed, wounded and prisoners. The French forces defending the tower were but 8,000 or 10 000, while the attacking force numbered fully 40 000. The enemy was so severely crippled that he could not follow the French when they retired.

LONDON, August 6.—No war news of interest has been received since the account of the battle Weissenburg. Mail details of that affair have not yet reached here.

The vessel captured by the French proves to be the "Leman" from Wilmington, N. C., with a cargo of turpentine. The latest advices from the seat of war concur that Marshal McMahon is advancing, and now holds a strong position on the Bavarian frontier. The entire French line has kept communication by underground telegraph.

CHOLERA.

HOW TO USE IT.

At the commencement of the Diarrhœa, which always precedes an attack of the Cholera, take a teaspoonful of the Pain Killer in sugar and water, (hot, if convenient,) and then bathe freely the stomach and bowels with the Pain Killer clear. The Pain Killer as an internal remedy, has no equal. In cases of Cholera, Summer Complaints, Dyspepsia Dysentery, Asthma, cures in one night by taking it internally, and bathing with it freely. PITTSBORO', N. C., May 6th, 1870.

T. H. BRIGGS, Esq.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season, and consider it to be the best Press I ever saw. Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612). I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.

Yours truly,
C. W. BYNUM.

FRANKLINTON, N. C., April 18th, 1870.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand and in reply I would say that I have tried other Presses and consider the press upon which *the Utley Press* works cheaper, simpler and more durable than any I have met with.

Yours very respectfully,
JAS. B. WILDER.

RIVER LAWN, CUMBERLAND CO., N. C., April 22nd, 1870.

THOS. H. BRIGGS, Esq: Dear Sir:—In reply to yours of the 13th asking how I was pleased with the Utley Press I used last season, I would say *that it gave entire satisfaction*.

Respectfully yours,

HILLSBORO', N. C., April 22nd, 1870.

THOS. H BRIGGS, Esq., Raleigh, N. C.: SIR—I have used "Utley's Cotton Press" for baling hay for some months. It works well and gives entire satisfaction. I regard it as the best Hay Press I have seen.

Respectfully,
E. H. POGUE.

RALEIGH, N. C., June 18th, 1870.

T. H BRIGGS, Esq., Raleigh, N. C.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton also other crops for my neighbors, making in all one hundred bales. I consider it superior in all respects to any Press I have ever seen and that it is every thing the patentee represents. I packed bales weighing from four hundred to five hundred and ninety-seven pounds.

Yours truly,
W. T. HOWLE.

LIFE ASSURANCE SOCIETY

GENERAL AGENTS,

CHARLOTTE N. C.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than THIRTEEN MILLION DOLLARS.

In 1859 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1863 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY-SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

Gentlemen of character desirous of forming a connection with the Society as Agents are invited to communicate with its General Agents.

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.
THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.
It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.
The public are invited to examine this remarkable machine at Mrs. TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.
Instructions in the use of the machine will be given to all purchasers *gratis.*

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.
Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!
No accidents have ever happened with it.
Protected by Copy right for 28 years from May 8th 1868.
The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.
Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have now been taken in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

A. BALDING'S

PATENT GLASS SUBMERGED DOUBLE-ACTING FORCE PUMP.

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. The number of feet in the depth of the well must be given in all cases

MR. J. L. KITCHIN:

DEAR SIR:—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.
